PREFACE

PROLOGUE FOR COMMON SENSE REVISITED: AMERICA'S THIRD REVOLUTION

<i>The Crisis Has Arrived</i>	xvii
The Cause of All Mankind	xvii
A Pivotal Point for American Democracy.....	xix
<i>Some Directions from the Pamphlet</i>	xxi
Consciousness and Moral Principles Grounded in Common Sense.....	xxi
The Importance of a Selection of Principal Concepts	xxi
Now for the First Part of Tietjen's Introduction.....	xxiii
Moving on to Specialized Knowledge	xxv
<i>Now for the Main Direction Building on the Pamphlet</i>	xxvi
An Interdisciplinary Approach	xxvi
Dealing with Disruption	xxvii
Building on Learning from the Enlightenment Era	xxviii
Learning from Our Recent Experience	xxix
<i>Being Part of the Timely Trilogy</i>	xxxi
The Roots of This Trilogy.....	xxxi
The Strategic Approach to the Presentation	xxxii
A Hybrid Self-Publication Route	xxxiii
At This Stage of the Project	xxxiii
A Later Stage of the Project.....	xxxvii

CHAPTER 1

BEYOND COMMON SENSE

<i>Stage Setting for the Drama</i>	3
The Republican Tax Reform Leads to America's Third Revolution	3
Common Sense Discarded.....	3
A Lesson from the Great Recession	4
Evolving Cultural Change	4
As Will Be Discussed	6

Understanding Reality in a Rapidly Changing Environment ...	7
Some Risks Associated with the New Tax Law	8
Further Crippling Fiscal Policy	9
Disrupting Home Ownership	11
The Repeal of Mandatory Health Insurance Coverage	12
<i>Beyond Common Sense is the Uncommon Sense of</i> <i>a Complexity Perspective</i>	13
An Introduction to the Lens of Complexity	13
A Historical Perception Using the Lens of Complexity	16

CHAPTER 2

THE PARADIGM USED

<i>The Paradigm Background</i>	29
The Lack of Justice and Equality of Political Rights	30
The Lack of an Adequate Organizational Structure	31
Self-Organization in the Late Eighteenth Century	32
Application of the Concepts in the Twenty-First Century	33
<i>Some Key Concepts for the Paradigm</i>	35
The Invisible Hand	35
The Metaphor	35
Emergent Phenomenon	36
Application of Knowledge from the Invisible Hand	39
The Body and Mind of American Democracy	41
The Body and Mind are Organic	42

CHAPTER 3

A HISTORICAL PERSPECTIVE

<i>The Concept of America's Third Revolution</i>	47
Reich's Perspective of Structural Change	47
The Reality of Change That Occurred	48
A Twenty-First Century Perspective of What Evolved	51
The Evolving Structure as a Critical Element in the Process	54
Political Evolution of a Societal Structure in America	55
<i>Economic Evolution in America's Societal Structure</i>	59
Skipping into the Twentieth Century	61
The Twentieth Century's Second-Quarter	61

The Twentieth Century's Third-Quarter	62
The Twentieth Century's Fourth-Quarter	63
Returning to Political Evolution	64
<i>Internet and Cultural Evolution</i>	65
Moving on into the Twenty-First Century	65
Revitalization Calls for Cultural Evolution.....	66

CHAPTER 4

HARNESSING COMPLEXITY IN THE TWENTY-FIRST CENTURY

<i>Innovation and the Body and Mind of Society</i>	75
Essence of a Democratic Society	76
Change in the Body of Society	77
Survival Requires Adaptation	77
Globalization Fostered Divisiveness.....	78
Adaptation May Come in Many Forms.....	80
Change in the Minds of Society	81
The Plutocracy Outcome.....	81
A Second Potential Outcome.....	86
A Third Potential Outcome.....	89
<i>Changes in Process and Power</i>	92
Adaptation is Critical for Survival.....	92
Disruptions from Failure to Accept Transitions.....	93
Building a Better Understanding of Reality.....	94
The Process Generates Structure	95
A Few Key Issues	97
Contributions to Production and Reciprocity.....	98
Institutional Arrangements.....	100
Isolation, Frustration, and Sense of Place.....	101
The Side Trip.....	102
<i>The Changing Structure of American Democracy</i>	102
The Lens of Complexity and Network Science	104
Diversity as a Choice	107
Recirculation as a Vehicle	111
Three Levels of Metting Problems.....	113
Niche and Hierarchy	114
Coevolution of Individuals and Society	116
Concluding Thoughts.....	117

EPILOGUE FOR COMMON SENSE REVISITED

<i>American Democracy Endangered</i>	127
The External Nature of Endangerment	128
The Internal Nature of Endangerment	129
Understanding the System	132
An Opening Thought on Learning.....	135
<i>Some More Thoughts on Learning</i>	137
The Innovative Approach Continued	137
A Personal Story about My Learning in One Boring Course.....	146
Making Use of Knowledge, However Acquired	146
<i>Responsibility in Learning and Living</i>	150
Function of Business	151
Understanding Markets.....	153
Finding One's Sense of Place	156
<i>Research, Education, and Progress</i>	160

APPENDIX 1A

DIVISIVENESS IN AMERICA:

THE AMERICAN DEMOCRACY ON THE ROAD TO DYSTOPIA

The Current Condition in a Dynamic System.....	169
What We Think We Know	170
Understanding of Structure Based on Inclusion of Nascent Sciences.....	175
Aspirations to Alter the Structure of a Divided Society	180
What We Should Do	181
Summary and Conclusion	184

APPENDIX 1B

THE DECLARATION AND THE OTHER INVISIBLE HAND

<i>Introduction</i>	191
America's Declaration of Independence as a Strategic Decision	191
Equality as the Essence	192
Evolution and Organic Systems.....	193
<i>The Two Contrasting Cases</i>	194

The Scottish Enlightenment in the Wake	
of the Glorious Revolution.....	194
David Hume as a Central Figure.....	194
Adam Smith is a Special Case.....	195
The French Revolution and the End of Enlightenment.....	196
<i>Morality and Interaction</i>	197
The Invisible Hand	197
The Other Invisible Hand.....	199
The Realm of the Other Invisible Hand.....	199
The Self as the Generating Network.....	199
Moving from the Individual Level to the Societal Level.....	201
Building Social Capital.....	201
The Role of Virtue.....	201
Society’s Choice of Culture	202
Morality as the Critical Element.....	203
Destroying Social Capital.....	203
Interaction for Enhancing Social Capital	208
Ideas and Events	208

APPENDIX 1C

EMPOWERMENT THROUGH MORE EFFECTIVE LEARNING

Some Background Information	215
-----------------------------------	-----

INTRODUCTION

<i>The Relevance of This Essay</i>	217
Disenchantment in Many Americans.....	217
Eligible Voters Who Want to Protect Their Rights	217
The Way the Brain Works.....	218
The Conventional Wisdom of the Twentieth Century.	218
Advancement in the Understanding of the Brain	
at Work	218
<i>The Learning Process in Perspective</i>	220
Learning is a Subset of Thinking	220
Thinking is Beyond the Brain	220
Effective Ways of Learning	221
An Evolutionary Perspective	222
<i>This Essay is Part of a Larger Project</i>	223

BRAIN OPERATION AS A PREDICTIVE PROCESS

The Proactive Nature of Brains Provides Expectations..... 224
 Statistical Hierarchical Predictive Learning 224
Contextual Effects in Early Processing..... 225
Human Brains Are Proactive Systems..... 227
 The Process Needs to Deal with Reality 228
Brains Are Complex Adaptive Systems That Self-Organize..... 228
 Self-Organization: A Key Cognitive Process..... 228
 The Extended and Embodied Mind 229
 Webs of Communicating Individuals 229
 Humans Help Construct Their Worlds..... 229

FOSTERING EMPOWERMENT THROUGH EFFECTIVE LEARNING

The Thinking Process as a Feedback System 230
 An Action Orientation 230
 Individual Bias and Unconscious Mechanisms 230
 Biological Endowment and Life Experience Empower Us ... 231
Prediction Process Supports Action and Outcomes 232
 Learning Process Builds Knowledge and Action Potential... 232
 Cognitive Extension of the Mind Empowers
 Effective Action..... 233
 Critical Thinking Skills..... 235
 Effective Learning Techniques 235
Gaining Increased Empowerment 236
Main Points and Next Steps..... 237

APPENDIX 1D

ADAPT TO CHANGE A REALITY:

RESTORE AMERICAN DEMOCRACY'S RESILIENCE

INTRODUCTION..... 243
 EVOLVING BY THE INDIVIDUAL
 An Analogy of Mind and Brain..... 247
 Components and Operations of Mental Activity in
 Awareness and Change 248
 Process Impacts Structure 251
 EVOLVING OF THE CULTURE
 A Perspective of Culture 252

Evolution of Patterns in the Culture	253
Co-Evolving of Consciousness and Culture.....	254
Human Kinds Link Culture and Consciousness	255
Evolving and Modifying Human Kinds.....	247
Diversity of Capability among Individuals	257
Diversity is an Asset	259
Being right in not enough	259
Interactions within a Democratic Structure	261
The Complexity of Issues within a	
Democratic Structure	261
Agency within the Democratic System.....	262
Strategy for Dealing with Limitations of Capability	
and Diversity of Interests.....	263

APPENDIX 1E

THE INTEGRITY OF AMERICAN DEMOCRACY UNDERMINED

<i>The Erosion of Norms in the Elected Political Leadership</i>	269
Senate Deliberations for Advice and Consent.....	270
The Equality of Representation of the Electorate	271
Remnants of Norms in the White House	273
The Boldened Empowerment of the President	276
<i>Democracy's Most Dangerous Branch</i>	277
Consider the Senate.....	277
Back to the Supreme Court and the Quality	
of Representation of the Electorate	278
The Leveraged of Power by the President	279
Reciprocity in the System	281
<i>Options for the Survival of American Democracy</i>	282
Perspectives and Analytics for Pursuit of Democracy	282
A Movement for Reform as an Option	284
Dealing with Rules and Process within the Structure	287
Shifting to the Focus on Structure and the Reality	
of Concentration of Power.....	290
Time Will Tell and Analytics Have a Role to Play.....	293
